Whether it be Taiwan, Haiti, Pakistan, or other countries, wherever disaster strikes, our volunteers always respond promptly. We carry out disaster relief with empathy and follow Master Cheng Yen's holistic approach and focus on stability, safety, and peace of mind. Every disaster is a revelation with a moral. For those of us who cannot be overseas with the relief, streetside appeals are our tokens of support. Collections are acknowledged with deep bows as appreciation of our ability to help.

6-4 Distribution of much needed supplies in Haiti after the catastrophic earthquake in January 2010.

6-5 Our first Pakistan relief team arrived on 24/10/2010 and carried out a 2-day distribution on November 3 and 4 to nearly 50,000 locals from 6,800 families.
